

# A Study on the Experiences of Autistic Transgender Adolescents and Young Adults

A PhD candidate at UMass Boston is seeking autistic transgender young people (14–26), their parents or guardians, *and* healthcare providers (including mental health professionals) to interview for an exploratory study

Visit the project website at [www.trans-autistic-youth-study.com](http://www.trans-autistic-youth-study.com) for more info about the study and about eligibility

You can contact the researcher, Caro Narby, directly at [caroline.narby@gmail.com](mailto:caroline.narby@gmail.com)

All potential interviewees or their guardian must participate in a brief screening phone call to confirm eligibility

All minors **MUST** have consent from a guardian to participate
